

ROSHNI SINGH

DATA ANALYST

+91 82002 10952 roshnimall2488@gmail.com Ahmedabad, Gujarat, github.com/Roshni2488

❖ SUMMARY

Aspiring Data Analyst with a B.Sc. in Mathematics and practical Data Analytics training at TOPS Technologies. Skilled in SQL/MySQL, Excel, Power BI, Python, NumPy, Power Query and DAX, with hands-on experience in data cleaning, analysis, visualization and dashboard development. Passionate about using data to generate clear and actionable business insights.

❖ TECHNICAL SKILLS

- **Languages** Python, SQL
- **Data Analytics** Excel, PivotTables, Data Cleaning, NumPy
- **Visualization** Power BI, Power Query, DAX
- **Databases** MySQL
- **SQL Concepts** Joins, CTEs, Subqueries, Window Functions
- **Developer Tools** VS Code, MySQL Workbench, Git, GitHub
- **AI Tools & Productivity** ChatGPT

❖ PROJECTS

❖ Retail Profitability & Market Segment Analysis

SQL/MySQL | Excel | Power BI

- Analyzed retail sales, profit, customer, regional and market-segment performance.
- Used SQL filtering, aggregation, JOINS, CTEs and window functions for analysis.
- Created visual reports and dashboards using Excel and Power BI.

❖ Swiggy Food Delivery Sales & Performance Dashboard

Tools: Microsoft Excel | PivotTables | Power Query | Charts | Slicers | Analysis

- Developed an interactive Excel dashboard to analyze Swiggy food delivery sales and order performance.
- Cleaned and transformed raw delivery data using Excel and Power Query.
- Analyzed key KPIs including Total Sales, Total Orders, Average Order Value, and Customer/Restaurant performance.
- Created PivotTables, charts, and interactive slicers to identify sales trends and category-wise performance.
- Designed a user-friendly dashboard for quick business insights and data-driven decision making.

❖ Blinkit Sales Dashboard

Power BI | Power Query | DAX

- Built an interactive dashboard with KPI cards, category analysis and slicers.
- Cleaned and transformed data using Power Query and created DAX measures.
- Sales Data Analysis
- Microsoft Excel
- Analyzed sales data using formulas, sorting, filtering and PivotTables.
- Created visual summaries for sales and profit analysis.

❖ HR Employee Attrition Analysis

Power BI | Excel

- Analyzed employee attrition across departments and.
- Presented HR metrics through interactive visualizations.
- SQL Movie & Employee Data Analysis
- MySQL

- Practiced filtering, ORDER BY, OFFSET, salary calculations, ROUND() and movie rating/year analysis. □

❖ Sample Store Sales Dashboard

Power BI | Excel

- Created an interactive dashboard to analyze Sales, Profit, Orders, and Customer performance.
- Used Excel/Power BI for data cleaning, analysis, KPIs, charts, and interactive filters.
- Analyzed sales and profit by Category, Region, Segment, and time period.
- Designed visual reports to identify top-performing products and sales trends.

❖ EDUCATION

- B.Sc. Mathematics — Sidharth University, Uttar Pradesh
CGPA 7.63
- Class 12 (Science – Mathematics) — UP Board 2022 | 77%
- Class 10 (Science – Mathematics) — UP Board 2020 | 79%

❖ PROFESSIONAL TRAINING

Data Analytics | TOPS Technologies

- SQL/MySQL • Excel • Power BI • Power Query • DAX • Python • NumPy

❖ LANGUAGES

- English, Hindi
